\*Carbohydrates that are not metabolised by the body

SukrinMelis is a natural product with no additives, based on the polyol erythritol. Erythritol occurs naturally in pears, melons and mushrooms. Sukrin is produced by a natural fermentation process. The erythritol is ground to a fine consistency, and a small amount of steviol glycosides is added to make SukrinMelis as sweet as sugar.

Available in 400 g zip bag, carton of 12

Shelf life: **36 months when stored in a dry place at room temperature.**  
**Opened bags must be resealed to prevent caking.**

Country of origin: Denmark
